(I'm sure with some research, it'd be easy to find other sources for

the title though.) Thanks in advance for your help. A: I would recommend getting the title in 4K disc format if possible, as the overall quality of the disc is often higher than if it is in HD/Blu-ray. There are three different HD formats for Blu-ray players: 1080p HD Disc Blu-ray Disc (not recommended for all players) UHD Blu-ray Disc (Only available on the best consumer Blu-ray players) Note: A Blu-ray Disc can play up to 1080p HD resolution. Blu-ray discs cannot play UHD Blu-ray discs. So, I believe, you should try to get the 4K disc, and if you get the Blu-ray disc, you should just play it. Some more information can be found here: [How UHD Blu-Ray Discs are Different From Blu-ray Discs](#) Edit: I was curious as to why you said that the review that you mentioned was not available.

Well, it seems that that's because it is not a Blu-ray disc, but a DVD disc. You can usually find such a disc on a BLURAY Player: HDTV (1080p) / Blu-ray Disc (BD) It is generally recommended that you should use a HDMI input, since not all HDMI TV will have a Blu-ray Disc or
